

Displacement Updates in North-West Syria

Some 2.7 millions IDPs are living in North-West Syria, bringing the total population to over 4.4 million.

12,606 IDPs were displaced in May, which is a very similar rate as that reported over the previous months. The monthly rate of newly displaced IDPs has been decreasing steadily since December 2020.

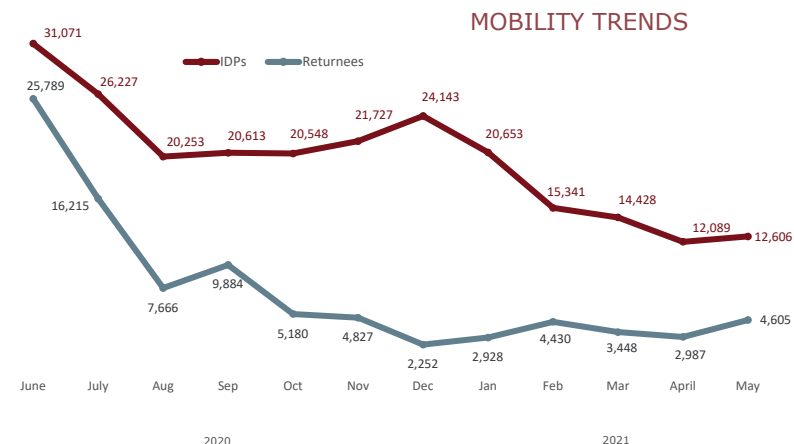

Around 52 percent of the IDPs displaced in May arrived in camp locations. Out of these IDPs, the vast majority are staying in tents (73 percent), locally made harder material shelters (7 percent) or refugee housing units (13 percent). For the IDPs displaced in non-camp settings, the majority are reportedly living in finished houses/apartments, however, some 9 percent have had to resort to staying in tents.

Response

SNFI Cluster members continue to actively respond to the needs of the newly displaced population as well as protracted IDPs north-west Syria.

In May, close to 60,000 individuals received NFI assistance in the form of NFI kits, kitchen sets or in form of multi-purpose cash transfers. Of those reached with NFI assistance in May 2021, approximately 52 percent were female, and 48 percent were male.

Shelter needs over 14,000 people were responded to in May 2021, including the provision of emergency shelter, shelter rehabilitation and transitional shelters. **Around 2,500 individuals were reached with infrastructure improvements in IDP sites** such as roads gravelling and drainage systems. Of those reached with shelter assistance in May 2021, approximately 52 percent were female, and 48 percent were male.
