The boundaries and names shown and the designations used on maps do not imply official endorsement or acceptance by the United Nations.

Creation date: August 2019

Highlights

- More than 30,000 people received housing and non-food item (NFI) assistance in 11 provinces in 2018.
- 5,022 IDPs were relocated to Rumonge and Bujumbura Rural after the decommissioning of the four IDP sites.
- 57,000 refugees from Tanzania under the VolRep received an NFI kit and a multipurpose cash grant.
- Sector warehouse in Bujumbura consolidated for emergency response. National contingency stock ready to serve more than 600HH from Bujumbura and Gitega.
- Strong increase in cash activities for shelter activities.

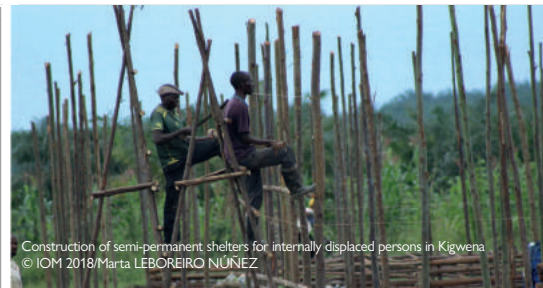

- Improvement of the natural disaster and returnee response in the last months of 2018 thanks to CERF UFE.

Challenges

- Lack of funding for emergency response, including lack of in-kind donations.
- After the flood emergency response of April/May, the sector warehouse was emptied. NFI kits and Emergency Shelters must be refilled before next rainy season.
- Difficult access to affected areas due to road conditions
- HLP challenges. Returnees unable to provide documentation.

Sector strategy and objectives

1. Provide a dignified and coordinated emergency non-food items kits assistance to internally displaced persons, people affected by natural hazards, vulnerable communities, refugees and returnees.
2. Provide life-saving shelter assistance to households affected by natural hazards with emergency and semi-permanent shelter kits in a dignified and safe manner, supporting them during shelter construction activities.
3. Advocate for a Shelter/NFI Pipeline for natural disaster and returnee response in the country.
4. Ensure comprehensive humanitarian assistance to IDP sites according to humanitarian standards, promoting access of displaced persons to durable solutions.

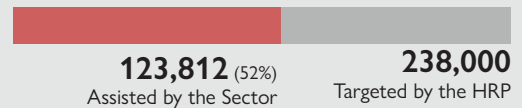

Construction of semi-permanent shelters for internally displaced persons in Kigwena
