Main issues

PREEXISTING

- Poor territorial planning in many municipalities
- Settlements in hazardous areas
- Precarious housing conditions
- Economic recession affecting construction and housing sectors
- Violence
- COVID-19 Pandemic
- Unclear land tenure status

COMPOUNDED CRISES

- Asylum seeking population
- IDP in transit
- Massive migration
- Insufficient conditions for economic reactivation and livelihood generation
- Exacerbated preexisting conditions

SHELTER RESPONSES

- Overcrowding in host family households
- Duplication of NFI distribution
- Insufficient conditions for economic reactivation and livelihood generation
- Limited availability of land for relocation
- Temporary shelter is de facto permanent
- Families resist temporary shelter solutions while expecting permanent housing
- Families continue living in hazardous areas
