General Updates

Situation Update

- By end of December, **9,052,822 persons** were internally displaced in Sudan since January 2023. An estimated **1,574,135 individuals** were displaced across Sudan's borders into neighboring countries, making it the **largest displacement crisis worldwide** with **over 10 million displaced individuals**.
- Tribal ties** significantly influence mobility patterns, with **67%** of internally displaced persons (IDPs) seeking refuge among **host communities**.
- The humanitarian situation is dire, especially in **Darfur and Kordofan regions**, where the three highest needs reported by IDPs are food, **non-food items**, and healthcare commodities and services.

Roundtable on
**Achievements &
Operational Plans**

Objective: Ensure that our collective response efforts are well communicated to partners, donors, media and general audiences!

- **Achievements** – type of interventions, HH reached, locations, timeframe, etc.
 - **Challenges** – looting of supplies, access challenges, etc.
 - **Procurement** – quantities of stocks arriving to the country, type of stocks, timeframe, where will the stocks be prepositioned – particularly given the incoming flood season.
 - **Assessments** – e.g., needs assessments outlining specifics with respect to Shelter and NFI needs as well as market assessments on NFIs, shelter materials, or Cash for Rent.
 - **Context and impact** of interventions – e.g., any successes with respect to cash for rent, how is sustainability achieved, what about tenure security?
 - **Interventions in the host community** – with 65% of the population staying in host community – what has been achieved so far? Cash for shelter for the families hosting IDPs can be an option, or preselecting landlords to improve their housing in order for them to subsidize rent for IDPs – this can include negotiating longer-term tenure security.
 - **Etc.**
