

**YEMEN**  
**SHELTER CLUSTER**

Coordinating Humanitarian Shelter and Settlements

---

# **Yemen Shelter Cluster Meeting for YHF Eligible Partners**

**October 3, 2024**

---

# Needs assessment

## Main areas to consider:

- Background on the needs assessment exercise.
- Findings of the assessment including AGD with emphasis on Shelter/NFI-specific needs and challenges.
- Proposed response and its relevancy to the needs identified.
- Upload an articulated needs assessment report.

## Examples of other essential output indicators:

- Number of market assessments conducted
- Percentage of [Specify either shelter or NFIs] interventions taking into account impact on the environment
- Percentage of shelter interventions incorporating hazard mitigation measures
- Percentage of shelter solutions incorporating measures to prevent/mitigate security risks, in particular gender-based violence, for beneficiary households
- Percentage of shelter solutions incorporating accessibility measures for people with specific needs
- Number of households provided with training related to repairing or maintaining their shelters.
- Number of households provided with technical support to install their shelters
- Number of Housing, Land, and Property issues identified and addressed
- Percentage of beneficiary households satisfied with the [Specify either shelter or NFIs] assistance they receive(d)
- Percentage of beneficiaries aware of your organization's complaints and feedback mechanism(s)
- Percentage of feedback/complaints addressed in a timely manner through your organization's complaints and feedback mechanism(s)
- Number of human-interest stories produced
- Percentage of beneficiary households using [Specify either shelter or NFIs] assistance as a means to address other needs
