2. Agenda Points from the Last Meeting
3. Updates on Monthly Reporting and Progress in Implementation
4. Details of Cash Training to be announced
5. Findings from the Shelter Kit Checklist from data reported by NRC and Caritas
6. Cash Transfer Value Guidance and feedback
7. HPC Updates from OCHA and timeline for partners to prepare for project preparation
8. Updates from Partners
9. AOB

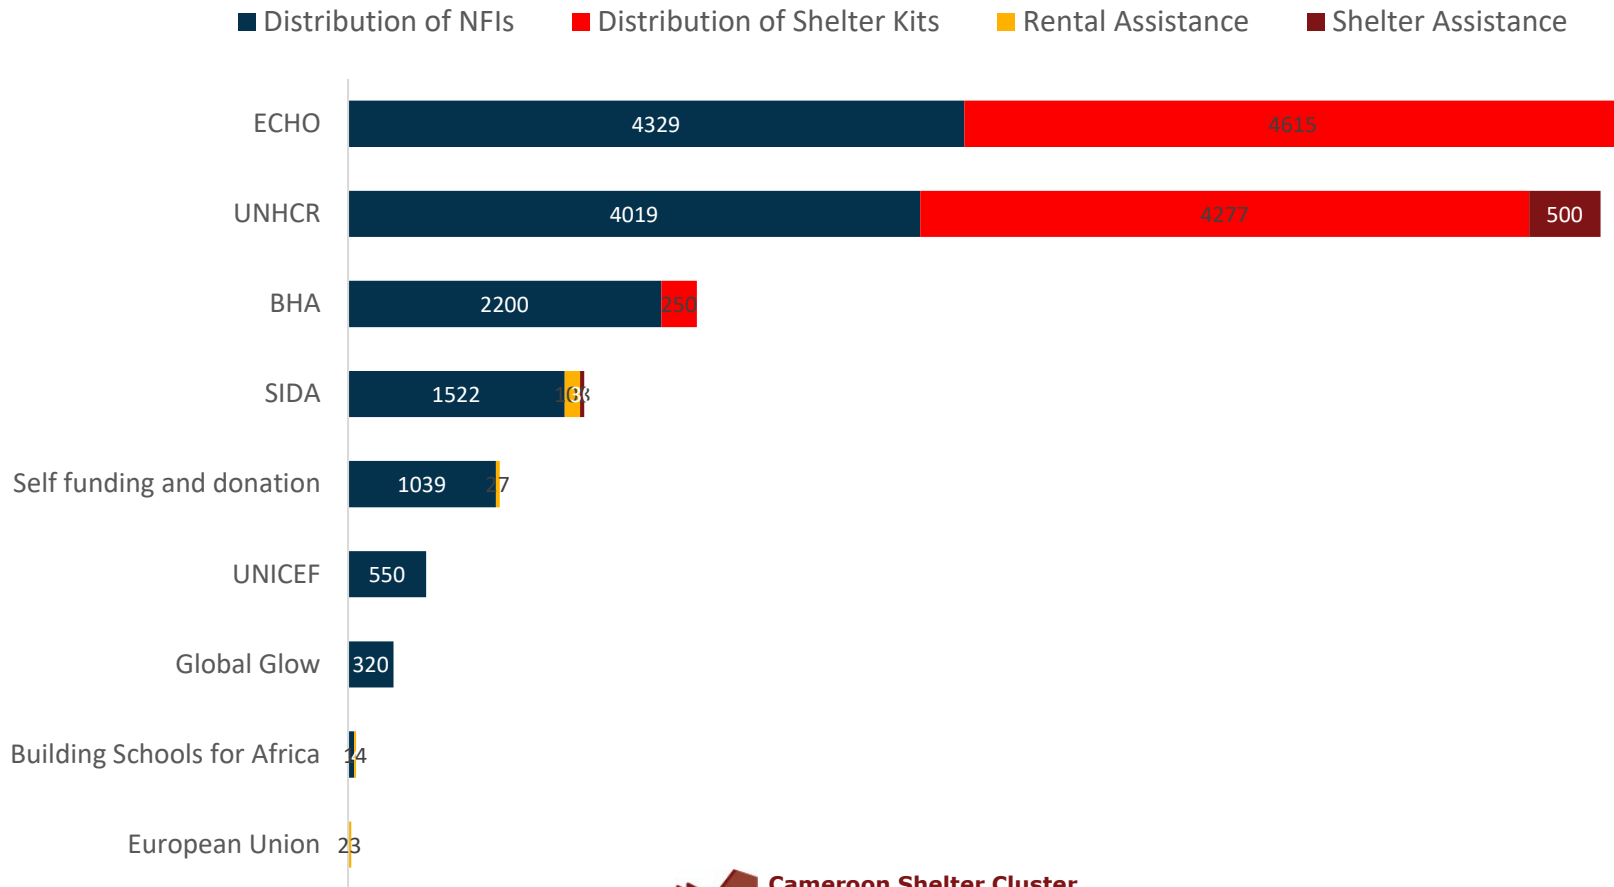

Action Points

Action Point	Update
Cash for Shelter Training: Shelter Cluster Coordinator to follow up with Management of agencies in Southwest to find out preferences for organization of cash training - whether agencies would come to Bamenda or whether there should be one training in each region	Currently two trainings proposed: but depends on facilitator timing and partner feedback: 1. 17th 18th November Buea 2. 29th 30th November Bamenda
Follow up on use of Shelter Kit Checklist: Caritas SW for ongoing distributions, NRC is ongoing this week, DRC is upcoming in end of October/November	Updates on results in today's cluster meeting: Caritas and NRC data to be shared
Advocate with HLP AoR to share information on taxation related with tenure contracts to guide future cash for rent projects - as formal contracts have implications for how to settle debts.	HLP AoR to provide updates
Use of PDM	Done and available for use
Shelter Cluster to reach out to CWG to see if we can include multipurpose cash in the PDM form as they are concerns about whether shelter needs are being addressed and that protection risks are not increased by need to rationalize funds by recipients.	Presentation made to CWG on 19 th October

October Updates

Updates due today Wednesday November 2nd

of Households to be Reached by Donor and Activity
