

Homes and Communities Learning Alliance for Nepal

National Housing Settlements
and Resilience Platform

Need

Uncoordinated research and reserved/unopened findings

Expensive research & Resource constraints

Localization and Local Leadership in Research

No use of research findings

Research Gap

Implementation of tools and ideas

Sustainability and Institutionalization

Share the competitive strength among research entity

Idea!

Forum for the research collaboration between the local and international universities and partners, supported by the Nepal Government under National Housing and Settlements Resilience Platform(NHSRP).

Objective

1. To identify research gaps in country in sector of shelter, housing and communities.
2. To align the research priorities per local needs
3. Free repository of research findings in open e-library
4. Government and locally owned research processes and tools
5. To share the competitive strength with members for fundraising and co-funding opportunities.

Starting Core Members

1. National Disaster Risk Management Authority(NDRRMA)
2. Ministry of Urban Development, (MoUD)
3. Institute of Engineering, Tribhuvan University
4. NHSRP
5. CRS
6. NSET
7. Lumanti
8. CRAterre
9. Uni of Kaiserslautern
10. Oxford Brookes University (TBD)

Growth

Open to all NHSRP members

Invite more Universities and partners

Sub-collaboration within organizations

Fundraising and Proposal to other external donors

Managing the open library for Nepal
