Consent note

*Before the interview, introduce yourself, the purpose of the interview, and inform about her/his right to participate or not:

Good morning, my name is _____. On behalf of the Shelter Cluster, I am interviewing a number of persons in different locations across northern Mozambique about the humanitarian situation and Shelter/NFIs needs of the population in this area.

The participation to this exercise is absolutely voluntary and with no implication of further remuneration or personal direct gain.

I would be extremely grateful if you could participate in this process because your opinion matters a lot.

If you feel uncomfortable at any point during the interview, you will be able to interrupt the interview at any moment and the information you shared will be deleted.

Moreover, should you feel uncomfortable with any of the questions which I will ask you, do not hesitate to mention it and I will simply move to the next question.

1 Do you have any questions? Can we proceed?
