

Prioritization of Shelter/NFI needs

Date: 31st May 2018

Shelter and NFI Needs

As of 18 May 2018, the overall number of displaced people is 345,000 households. This figure is based on DTM round 10, partner's assessments, government requests, as well as the total of HH supported since July 2017.

The S/NFI updated its prioritisation in early May and SNFI Cluster partners agreed on several criteria to guide prioritisation which include: - 1) type of emergency, 2) duration of displacement, and 3) sub-standard shelter conditions including IDPS hosted in collective centres and open-air sites and 4) % of vulnerable HH at IDP sites. Thresholds for the criteria were also agreed and in the subsequent analysis the cluster identified 193 IDP hosting woredas mostly in Oromia and Somali regions, as well as Tigray, Gambella and Addis Ababa municipality. A total of 261,830 HH are in need of urgent shelter and NFI assistance. At present the Cluster has a total of 57,000 kits in stocks and pipeline. The Cluster requires urgent funding to address the needs of 204,830 HHs that are living in desperate displacement conditions across the country. This caseload is predicted to increase as the flooding continues in the coming months.

Shelter and NFI Priority Activities

In terms of priority activities, the SNFI Cluster is in need of ES/NFI support for 140,259 HH displaced mainly due to flood and conflict under Pillar 2, primarily in Oromia and Somali Regions. In addition, the Shelter and NFI Cluster requires immediate funding for recovery activities to support 14,000 HH (8,000 rebuild and 6,000 repair) with transitional shelter support and shelter repair activities under Pillar 3. The breakdown is \$2,250,000 for shelter repair activities and \$6,500,000 for construction of transitional shelters that provide immediate life-saving shelter for those households that have fully damaged houses as a consequence of conflict including provision for shelter support for returnees in Gedeo-Guji as well as those affected by the flooding. Funding for these activities will reduce the need for recurring funds to be spent on emergency relief items on an annual basis as shelter assistance directed towards recovery shelter interventions will provide households with longer-term shelter solutions and reduction in overall funding over time.

In addition, to prevent and reduce the risk of future displacement and of subsequent humanitarian requirements in disaster prone areas, Shelter and NFI Cluster partners are seeking priority funding to support "building back safer" activities including shelter mitigation/retrofit support for 16,000 households outlined in Pillar 1 at an estimated cost of \$6 million. Overall the Cluster urgently requires a total of \$36.5M (\$21.7 M under Pillar 2, and \$8.75. under Pillar 3 and \$6M under Pillar 1)

Shelter and NFI Response Activities

Since January 2018 SNFI partners have supported 30,021 HHs with ES/NFI support. 17,931 full ES/NFI kits, 5,400 partial ES/NFI kits and 6,690 cash grants have been distributed until the 18th May 2018.

The Cluster has been engaging in activities to mobilise around HDRP and as well increase its cash-based interventions and strengthen links with development actors that work on housing in Ethiopia. In terms of cash response, the SNFI partners have so far distributed cash for 12,984 HH in 2017 in 3 Regions, 6 zones and 11 woredas, and 6,990 HH in 2018 in 3 Regions, in 7 zones and 15 woredas. Market assessments have been conducted in 4 Regions across the country and revealed that woredas in both Tigray and Gambella regions as well as Shebelle, Sitti, Fanfan, Doolo, Liben, Korahe of Somali region and East & West Hararghes zones of Oromia Region, as well as Dire Dawa are locations where cash is a feasible modality for ES/NFI interventions. Partners are also currently assessing markets in Bale and Borena and a market assessment is being planned in Guji and SNNPR in the coming week to assess cash feasibility in these locations. The Cluster is increasing its cash based programming to ensure integrated market based recovery for the displaced households that will also benefit hosting communities in the IDP hosting woredas.

Summary of S/NFI Cluster Priorities

Cluster	Activity	Funding	When needed	Comments
	Distribution of ES/NFI support in kind and in cash for 124,000HH under Pillar 2	\$21.7M	Immediately	
	Rehabilitation and transitional shelter support (including support for returnees in Gedeo-Guji IDPs), targeting 8,000HHs under Pillar 3	\$6.5M	Immediately	Recovery activities to support 14,000 HH overall (8,000 rebuild and 6,000 repair) with transitional shelter, repair activities under Pillar 3
	Shelter repair activities through shelter kits, tools and technical support targeting 6,000 HH under Pillar 3	\$2.3M	Immediately	Recovery activities to support 14,000 HH (8,000 rebuild and 6,000 repair) with transitional shelter repair activities under Pillar 3
	Prevention and mitigation activities including shelter retrofit activities for 16,000 HH in disaster prone areas under Pillar 1	\$1.7M	Immediately	Will reduce flood-displaced humanitarian requirements from August

Summary of ES/NFI Gaps and Priority Woredas

1- List of assessments used to compile the HH in needs :

- (1) Afar DPFSCO- Request for ES/NFI Support- March 2018
- (2) Afar DPFSCO- Request for ES/NFI Support- May 2018
- (3) Joint Rapid Assessment to Verify the Number of Internally Displaced People in Selected Sites of Zones 3 and 5. May 2018
- (4) Lare Woreda Multi-Agency Rapid Needs Assessment Report- May 2018
- (5) Makuey Woreda Multi-Agency Rapid Needs Assessment Report- February 2018
- (6) West Guji – DPPB Assessment Report- May 2018.
- (7) Daro Lebu Rapid Needs Assessment- ICRC- January 2018
- (8) Hawe Gudina Rapid Needs Assessment- ICRC- March 2018
- (9) Emergency Preparedness and Response Plan Flood Victims, 11 April 2018- Somali Region- Jijiga
- (10) DPPB Somali Regional Office- Request for Immediate Response of ES/NFI to Flood Displaced People- May 2018.
- (11) IOM Field Visit – Road Assessment Hudet- February 2018
- (12) DPPB Somali Regional Office- Displaced People in Moyale- May 2018
- (13) Joint Rapid Assessment on Flood Affected Community in Dolo Ado, Liben Zone- May 2018
- (14) Multi-Sector Joint Rapid Flood Assessment Report- Shabelle zone- April 2018
- (15) Siti Zone Update Post Cyclone- UNICEF Jijiga Office- May 2018
- (16) Ethiopia: West Guji- Gedeo/Conflict Displacement Flash Update 2- 22 May 2018- OCHA
- (17) Landslide and Flood Rapid Need Assessment in SNNPR Gurage Zone, Meskan Woreda 01-02 May 2018- ERCS SNNPR Regional Office.

2 - The Prioritisation categories are detailed below: TOTAL GAP: 261,830

TOTAL PRIORITY 1: 140,259

Priority Level	Displacement driver	DTM proxy duration of displacement	Criteria	Site Size	# of HH
Priority 1a	Conflict	After September 2017	Open Air /Collective Centers/ Substandard>50% >10% vulnerable individuals at the IDP sites	Site HH>1000	16,413 2 regions, 4 zones, 5 woredas
Priority 1aa	Conflict	After September 2017	Open Air /Collective Centers/ Substandard>50% >10% vulnerable individuals at the IDP sites	Site HH<1000	9,874 4 regions, 17 zones, 35 woredas

Priority 1b	Conflict	After September 2017	Open Air /Collective Centers/ Substandard>50% < 10% vulnerable individuals at the IDP sites		18,340 6 regions, 13 zones, 30 woredas
Priority 1c	Conflict in West Guji and Gedeo	Since April 2018	All unassisted HH		43,461 2 regions, 2 zones, 10 woredas
Priority 1d	Flooding	Since April 2018	All unassisted HH		28,592 4 regions, 13 zones, 30 woredas
Priority 1e	Conflict	After September 2017	All other unassisted HH		23,580 HH 6 regions, 24 zones, 82 woredas

TOTAL PRIORITY 2: 39,486 HH

Priority Level	Displacement driver	DTM proxy duration of displacement	Criteria	Site Size	# of HH
Priority 2a	Drought	From January 2017	Open Air /Collective Centers/ Substandard>50% >10% vulnerable individuals at the IDP sites		17,678 HH 2 Regions, 8 zones, 41 woredas
Priority 2b	Conflict	From January and August 2017	All unassisted HH		13,532 HH 5 regions, 15 zones, 25 woredas
Priority 2c	Drought	From January 2017	All unassisted HH		7,424 HH 4 Regions, 12 zones, 31 woredas

TOTAL PRIORITY 3: 85,259 HH

Priority Level	Displacement driver	DTM proxy duration of displacement	Criteria	Site Size	# of HH
Priority 3a	All	Since December 2016	All displaced unassisted HH		60,323 HH 7 regions, 43 zones, 117 woredas
Priority 3b	All	Since April 2018	Displaced HH that received support > 1 year ago		23,024 HH 2 Regions, 8 zones, 18 woredas
